OBJECTIVES

As a passionate and detail-oriented Full Stack Developer, my objective is to build responsive and intuitive user interfaces using modern frameworks like React, JavaScript, and CSS to enhance user experiences. I aim to develop and manage robust back-end systems, including RESTful APIs, JWT authentication, and database integration, while optimizing application performance and maintaining clean, secure, and maintainable code. Committed to continuous learning, I strive to stay updated with emerging technologies and industry trends. By collaborating with cross-functional teams, I seek to deliver high-quality, scalable, and innovative full-stack solutions.

EDUCATION

Pan-Atlantic University

Programme: Bachelor of Science, Computer Science   Expected Dec 2026

Academic Standing: Second Class Upper

PROJECTS / ACHIEVEMENTS / AWARDS

- Collaborated with team members to design and develop a dynamic Student Council website, leveraging React, JavaScript, and RESTful APIs to deliver an engaging and user-friendly experience.   Nov 2024
- Industry Readiness Programme Certificate   Nov 2023
- Github Repository (https://github.com/Tosin-O?tab=repositories)

WORK EXPERIENCE

Full Stack Developer Intern, CSDC Systems Solutions Limited   **July 2024** – Sept 2024

- Developed and implemented API endpoints for creating, updating, retrieving, and deleting student records.
- Managed CRUD operations with the database using Spring Data JPA for secure and efficient data handling.
- Collaborated with the team to align development efforts, while also handling individual responsibilities independently.
- Created websites templates for a major project.

Intern, Monospace Digital   **Aug 2023** – Sept 2023

- Developed a website for a client, boosting online presence and increasing customer engagement.
- Researched new technologies and trends in the industry, resulting in improved processes and new ideas.
- Created a marketing strategy for a new product, resulting in increased sales and market share.
- Analyzed customer feedback and identified areas for improvement.

VOLUNTEER ACTIVITIES

- Resident Assistant, Pan-Atlantic University, Lagos   Aug 2024 – Present
- Student Council Tech Team, Pan-Atlantic University, Lagos   June 2024 - Present
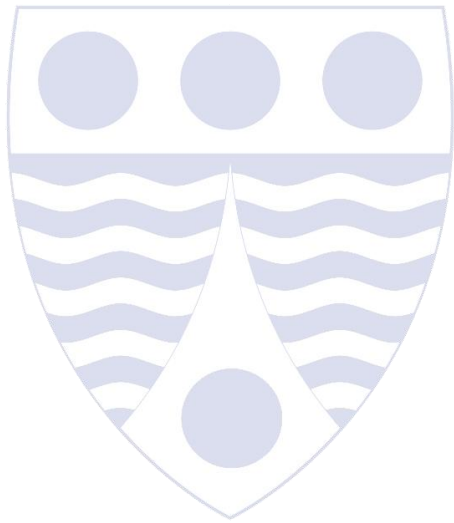

SKILLS AND INTERESTS

Computer Skills - Proficient in Microsoft Word, Excel, PowerPoint

Languages - Fluent in English, Beginner German

Soft skills - Team Collaboration, Effective Communication, Critical Thinking

Back-end Development:Experienced in RESTful APIs, Node.js, JWT authentication, Spring Framework

Front-end Development: Proficient in React.js, JavaScript, Typescript, HTML, CSS
